This library has a large number of one-of-a-kind Davis history items. These include:

94 pages, printed, hardcover book privately circulated among members of the club. One copy in the Davis Branch Library collection (REF 369.5 SIX). The Note accompanying the Branch entry reads: "The initial history . . . written by charter member Chester Roadhouse, and included in the appendix to this history, carried the story of the Davis Rotary from the club founding in 1926 to 1955. It is with the 1955-56 year that this continuation of the club history begins."
