Fairfield School Carousel at the Farmer's Market—contact Jen Wendt to sign up for a shift

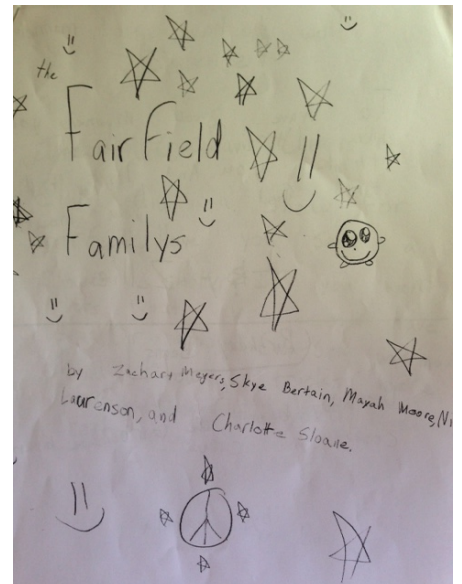

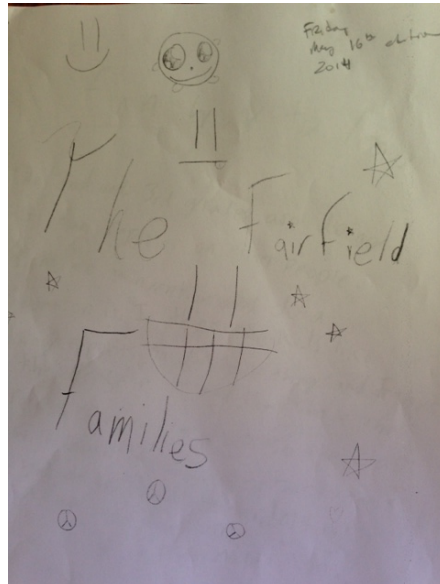

June 12

Last day of school, 12:30

Moving Up Ceremony, 6:00 p.m.

THE KIDS TAKE OVER THE FOLK-US!!!

Several Fairfield kids made a school newspaper called "The Fairfield Families." Included in this issue are "slightly edited" articles from the kids. Enjoy!

A FUN WAY TO LEARN

The second and third graders are doing very fun reports on either people or making and invention and do a report on it. "I think the kids like doing reports on different things. I think they learn a lot, and they share the reports with the class so the class learns too," said Mr. Defty, the second and third grade teacher. This is a fun way to learn!

TESTING IS OVER

This year instead of doing star testing the thirds are doing testing on the computers. "It was boring, hard, and not enough computers," said Macey Foncannon and Emi Cech. "I thought it was very different and weird," said Skye Bertain. Everyone thinks differently about testing on computers.

TEACHER APPRECIATION WEEK

Many kids have been bringing card and gifts for the teachers. If you want, you can bring can bring gifts and cards too! This is the week to appreciate your teacher and all they do!

By: Skye Bertain

LIBRARY CLOSING!

Make sure to turn in all your books because library is closing! Check in with Mrs. Armstrong to see what books you have out. Don't take any off the shelves because they're in order. "Thank you for all the cooperation and returning the books," said Mrs. Armstrong

By: Skye Bertain

A GREAT WAY TO LEARN ABOUT SPACE!

The second and thirds did a play about the solar system. "I think the play was pretty good. We had a lot of talented kids, and I think the singing went well," said Mr. Defty. Many kids were excited but also worried. The play was on May 19, 2014. Glad you were there!

By: Zachary Meyers

END OF THE SCHOOL YEAR!

Many kids have different opinions about the school year ending. "I think will miss school." Said Giorgio Barasone. "I really want school to continue!" Said David Osgood and Rowan Wyeth. "I feel awesome! I feel like work is a prison!" Said Paul Dicus. "I'm super duper happy!," said Tyler Cross.

BIRD GUIDES BY THE FIRSTS

The first graders are doing bird guides. Zellie is doing the House Wren and Mahallia is doing the Brown Pelican. I am excited to see how they turn out.

HOW TO HAVE GOOD MANNERS

To have good manners you have to say please and thank you and don't talk with your mouth full.

By: Zellie Durand

BIRTHDAY BEANS

Birthday beans are Garbanzo beans cooked in olive oil.

By: Mahalia Lanfranco

SCIENCE

The UC Davis Chemistry club did a show for Fairfield. Have you seen a flower shatter? If you went, that's what you could have seen! Or how coca cola was made. Mind blowing tricks were performed! Hopefully you'll make the next show!

FIELD TRIP!

The two-threes went on a fieldtrip on May 23 2014. They went to Mr. Deftys farm. They got popsicles and enjoyed seeing wild life. "I enjoyed the field trip besides the fact that it was hot and humid," said Zachary Meyers. Overall it was great.

ART DAY!

On Wednesday from 9:00 to 11:50 Fairfield elementary had a very fun art day! Art day is when there are different stations and at each one you get to do arts and crafts. There was woodwork, paper flowers, bracelets, and many more! "I could do much better on my art work," said Sam, a third grade boy. "I loved the paper flowers!," said Beatrice, a first grade girl. Art day was awesome!
