

❖ *NDE GARDEN PROGRAM* ❖
FALL, -----

Dear Teachers,

Would you like your students to participate in our garden program? If so, we have a fun series of fall garden activities including planting, digging, raking, scarecrow-making and more. Lessons continue through the winter and into spring.

If you want to garden, get the word out at back-to-school night and recruit some Garden Parent volunteers to supervise your class during garden lessons. We will provide them with directions for the lessons.

Fill out the form below and return it to the garden box in the office (under mailboxes). We would like to start volunteer training and initial activities (e.g. tour of the gardens, rules, clear weeds) by the beginning of September so get those forms in to reserve your garden time. You can also email the garden coordinator/team with the information. Feel free to contact me with any questions.

Garden coordinator(s): _____

-----return below to garden mailbox-----

Yes, I would like to garden:

Name _____ Grade _____ Room# _____

Email address _____

Preferred gardening days/times (list 1st, 2nd, 3rd choices):

How often? (weekly, monthly, etc.) _____

YES! I have classroom garden parent volunteers:

NAMES

EMAIL

___ I NEED HELP FINDING GARDEN VOLUNTEERS FOR MY CLASS!
