

If you have a neighbor who is interesting in moving the marks, please let Marilyn know - munderwo@omsoft.com where you would like it moved. As I understand, we will be personally responsible to pay for the moved spaces. If you have a neighbor who would like to have it moved and you don't think they will see this message, please let them know.

Marilyn –

The City's Transportation Crew will be refreshing the N Permit spaces in ONDNA next week. You had indicated some residents were interested in relocating the space associated with their house. I have asked for an estimate of the additional cost to relocate the striping (cost to eradicate the existing striping) and have a preliminary cost of about \$250.

If you can let me know which residents are interested in having the space relocated, we will need to get the list this week with a recommendation of where they want it relocated to and consent to paying the cost for the additional work. If we receive no requests for changes, we will restripe all N spaces in their existing location.

Please let me know if you have any questions.

Respectfully, Bob

Robert A. Clarke, P.E., M. ASCE
